EDUCATION

Forman Christian College University Aug'22 – May'26

Bachelor of Computer Science Aug'20 – May'22

Intermediate in Computer Science (ICS)

Ibne Sina College Aug'09 – May'20 O Levels

(4 A's & 4 B's)

SUMMARY

A tech enthusiast who loves building creative solutions. Whether it's designing Python-based systems, crafting a Web-App, or managing social media content, I enjoy blending logic with creativity.

PROFESSIONAL EXPERIENCE

Techverx

Front-end developer intern

- Developed responsive user interfaces using JavaScript (ES6+) and React.js.
- Collaborated with senior developers to implement reusable React components and optimized state management for better performance.
- Built a task management dashboard as an intern project, allowing users to add, edit, and track tasks with a clean UI and local storage for data persistence.

PROJECT EXPERIENCE

Football Player Recommendation System

- Designed and implemented a data-driven Moneyball-inspired footballer recommendation system using machine learning and advanced similarity metrics to analyze real-world performance data.
- Enabled objective scouting and transfer decision support by identifying statistically comparable and undervalued players, demonstrating practical applications in sports analytics and recruitment strategy.

ADDITIONAL EXPERIENCE

Social Media Experience

- Created and actively managing an Instagram page showcasing humorous original video content, which has produced over 50 Instagram reels and YouTube shorts, collectively amassing over **2M views**.

Technical Experience

- Proficient in Python, SQL, C++ and JavaScript, with experience in Object-Oriented Programming (OOP), Data Structures & Algorithms (DSA) and React.js.
