MUHAMMAD ANAS TAUSEEF

Karachi, Pakistan | PK +92 315 1094254 | sheikhanastauseef@gmail.com

EDUCATION

BACHELOR OF SCIENCE Karachi, PK
Ned University Of engineering and Technology Oct 2023-Present
Major Computer Science *Specialization in Data Science*
Cumulative GPA : *3.7/4.0*

INTERNSHIP EXPERIENCE

Data Scientist Intern – *Neuro Computational Lab (NCL), NED University, Karachi, PK*
Dates: [Aug 2025–Sep 2025]

- *Analyzed Toyota Yaris & Intrux sensor dataset to extract meaningful insights and patterns.*
- *Applied data cleaning, transformation, and exploratory data analysis techniques..*

TECHNICAL SKILLS

- **Programming Languages:** Python, C++, SQL.
- **Backend & APIs:** Python, FastAPI, REST API fundamentals, backend application logic
- **Databases:** MySQL, PostgreSQL, SQL querying and database design
- **Version Control:** Git, GitHub
- **Tools & Platforms**: Jupyter Notebook, VS Code, Power BI, GitHub Copilot, Cursor, Q CLI
- **Concepts**: Object-Oriented Programming (OOP), Algorithms, Data Structures, Prompt Engineering
- **Other:** Web Scraping (Request, Beautiful Soap, Scrapy), Salesforce Development

PROJECTS

AI-Powered Chatbot — LLM API

- Automated company query handling by developing an AI chatbot with FastAPI REST APIs.
- Built a web interface and applied prompt engineering to improve response accuracy n.

Keyword-Based Article Sentiment Analysis using NLP

- Built a keyword-driven system to crawl the top 10 relevant online articles.
- Performed NLP-based sentiment analysis to classify articles and generate personalized comments.

Snake Game Using AWS Q CLI

- Developed a Snake game using Python and Pygame, game loops, collision detection, and keyboard controls.
- Designed modular components for snake movement, food spawning, and score tracking using OOP.

CERTIFICATIONS & TRAINING

- ***Data Scientist in Python*** – *DataCamp*
- ***Data Bases and SQL For Data Science –*** *Coursera*
- ***AI Enabled Developer —*** *Mazik Global*

LEADERSHIP & VOLUNTEERING

- **AWS Community Day – Event Volunteer**
- **Karachi Slush'D – Event Volunteer**
- **+92 Disrupt (Katalyst Labs) — Event Volunteer**

ADDITIONAL INFORMATION

- **Languages:** English, Urdu | **Interests:** Data & AI , Backend Development, Salesforce
