EXPERIENCES

HarazCo Ltd — Junior Frontend Developer

July 2023 – September 2025 | On-site

- Developed responsive and user-friendly interfaces using React.js, Next.js, and Tailwind CSS for multiple web platforms.
- Built scalable UI components and integrated REST APIs for dynamic data handling.
- Optimized performance and accessibility across dental and SaaS applications.
- Developed a cross-platform React Native app (iOS & Android) with smooth navigation and modern UI.
- Mentored by senior engineers from Google, and Apple, enhancing coding quality and scalability practices.

PROJECTS

- *Haraz Dental Group – Developed a responsive dental care website using React.js and Tailwind CSS, improving accessibility and patient engagement.*
- *Dentistry99 – Built scalable React.js components for smooth user flow and efficient state management.*
- *Oli & Carol Toys – Integrated REST APIs with the frontend to enable dynamic data rendering and responsive layouts.*
- *DSS (Dental Soft Solution) – Created reusable, high-performance UI components for a SaaS platform using React.js.*
- *Intervention – Optimized CSS, JavaScript, and assets to enhance site speed, responsiveness, and overall UX.*
