WORK EXPERIENCE

Junior Mern Stack Developer | **Spadasoft** (Mar-Oct 2024)

- Implemented daily client-assigned tasks and updates in ongoing projects.
- Developed new features and fixed bugs to enhance functionality and user experience.
- Ensured cross-browser and mobile responsiveness, including iOS devices.
- Supported backend tasks by creating schemas, tables, and fields for frontend integration.
- Worked on an **editor-based project**, enhancing **smoothness**, **drag-and-drop interactions**, and **UI responsiveness**.

Junior Frontend Developer | **insite.life** (Remote, UK-based Web Extension Startup) (Apr-Jun 2024)

- Solving **assigned tickets** on a live **codebase**, including **UI bugs**, **performance**, and **feature** updates.
- Attending team **meetings** for project updates and requirement **discussions**.
- Learning through **code** reviews, **Git**, and agile workflows.

Junior Mern Stack Developer | **Dev Entity** (Mar-Jun 2024)

- Working on real-world **web applications** using the **MERN stack** and **TypeScript**.
- Handling both frontend (**React**) and backend (**Node**. **js**, **APIs**) tasks.
- Building **reusable** components and sections, **troubleshooting issues**, and enhancing features.
- Contributing to the development and **integration of APIs** in full-stack projects.

MERN Stack Developer Trainee | **Knowledge Streams** (Oct-Dec 2024)

- Developed **full-stack web applications** using the **MERN stack**, ensuring seamless integration between front-end and back-end systems.
- Built **RESTful APIs** with **Node.js** and **Express.js** to enable efficient data flow and server-side functionality.
- Designed **responsive UI components** using React.js, reducing load times.
- Managed database operations with **MongoDB**, including **schema** design, data storage, and query optimization.

PROJECTS

DeepCode – AI-Powered Developer Toolkit (MERN + AI)

- Built an **AI-driven coding assistant** using **React.js, Tailwind CSS, Node.js, and Express.js** to help developers debug, translate, and improve their code.
- Integrated **Google Gemini AI** for **bug detection, multi-language code conversion, and AI-generated interview questions**.
- Implemented **JWT authentication, MongoDB, and Multer for resume uploads**, ensuring secure access control.
- Utilized **Monaco Editor** for an advanced code-editing experience within the platform.

AI-Powered Study Notes & Summarizer (AI + Full-Stack)

- Developed an **AI-driven study tool** using **React.js, Tailwind CSS, Node.js, and Express.js** to extract and summarize key insights from PDFs.
- Integrated **Google Gemini AI** for text analysis and structured Markdown formatting.
- Implemented **Multer and pdf-parse** for secure **file handling and text extraction**.
- Designed a **responsive UI** for seamless user experience across different devices.

Full-Stack Blogging Platform (MERN Stack)

- Built a **blogging platform** from a **Figma design** using **React.js, Tailwind CSS, and Node.js**.
- Developed **dynamic blog cards** with **MongoDB, Express.js**, and **Multer for image uploads**.
- Implemented **React Router** for smooth navigation and efficient data handling.
- Optimized **API communication** with **Axios** for seamless frontend-backend interaction.

CORE SKILLS

Frontend: React.js, TypeScript, React Router, React Icons, Tailwind CSS, MUI, Framer Motion, Formik, Yup, React Hook Form

Backend: Node.js, Express.js, REST APIs, JWT Auth, Firebase Auth, Firebase Admin SDK

State Management: Redux Toolkit, RTK Query, Context Api

Databases: MongoDB, Mongoose

Programming Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3

Developer Tools: Git, GitHub, Postman, Vite, Netlify, Vercel, Render, Axios

TRAINING & CERTIFICATIONS

Frontend Developer (React) – HackerRank(2025)

Rest API (Intermediate) Certificate – HackerRank(2025)

React (Basic) Certificate – HackerRank(2025)

Programming for Everybody (Getting Started with Python) – **Coursera** (2023)

Python Data Structures – **Coursera** (2023)

EDUCATION

Punjab College (2022 - 2024)
Intermediate in Computer Science (ICS)
