LAIBA AKRAM

AI Developer

+92 309 2789074 | laibaakram1429@gmail.com | linkedin.com/LaibaAkram | Street 9, Khudadad Colony, Karachi

SKILLS

Python

Machine Learning

Natural Language Processing

Computer Vision (YOLOv8)

Model Deployment

Database Management

Git and Github

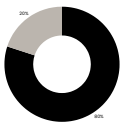
INTERESTS

- AI Research
- Building Real World Projects
- Data Driven Decision Making
- Learn Emerging Technologies

STRENGTHS

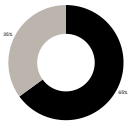
- Analytical Thinking
- Quick Learner
- Leadership
- Problem Solving Skills
- Strong Debugging Ability
- Team Collaboration
- Adaptability to new Technologies
- Attention to detail

LANGUAGE



English

Urdu



Arabic

PROFESSIONAL SUMMARY

AI Developer with practical experience in computer vision and machine learning model deployment. Experienced in building AI-powered applications, integrating models into backend systems, and delivering scalable solutions. Passionate about real-world AI implementation, optimization, and continuous technical growth.

EXPERIENCE

Software Engineer (Internship) *Feb 2025 - Feb 2026*

AJCL (ajcl.net)

- Developed an AI-based Track & Trace System using YOLOv8 for object detection. Integrated ML models into backend services for real-time processing. Managed structured data storage and testing workflows. Collaborated with development team during deployment and debugging phases.

CERTIFICATION

- **AI For Beginners** *HP Life(Mar 2026)*
- **AI For Business Professionals** *HP Life(Mar 2026)*
- **Data Science and Analytics** *HP Life(Mar 2026)*
- **CriticalTHinking in the AI Era** *HP Life(Mar 2026)*
- **JavaScript Certification** *Kohaq(Nov 2025)*
- **Frontend Development** *Great Learning(Feb 2023)*
- **Graphic Design with Photoshop** *Great Learning(Feb 2023)*
- **Adobe Photoshop CS6 Essential Tools** *Alison(Apr 2024)*

EDUCATION

Bachelor of Science (Software Engineering)

Sindh Madressa tul Islam University

Feb 2022 - Feb 2026

Intermediate (Pre-Engineering)

Degree Science College

2019 - 2021
