Neodustria - Internship Experience Letter

- **Date:** 26/01/20256
- **Full Name:** Muhammad Suleman
- **Position:** Intern – Intelligence Cell (ML, DL, RL, LLM)
- **Assigned Cell Leader:** Pruthvi Utturwar

To Whom It May Concern,

This letter is to formally certify that **Muhammad Suleman** completed an internship with **Neodustria** (a trademark of Neovoltis Capital Ltd., Cyprus) as an **AI Engineer Intern – Intelligence Cell**, from **15 September 2025** to **23 January 2026**.

During his internship, Muhammad contributed to applied AI and engineering intelligence initiatives across **automotive and construction simulation domains**, with a strong focus on scenario development, data readiness, and automation. His key contributions included:

- Design and development of multiple **automotive simulation scenarios**, including:
  - NVH surrogate modeling
  - Suspension fault prediction
  - Driver reachability (DR) analysis
  - Gearbox vibration fault classification
- Contribution to **construction simulation scenarios**, including:
  - Floor vibration and deflection serviceability analysis
  - Foundation settlement and soil–structure interaction modeling
  - Crane lift dynamics and stability evaluation
- **Data enrichment and structuring**, including the addition of **223 3D assets** across both the Common Library and the Training Library, organized to support downstream annotation, training, and frontend usage
- Implementation and contribution to **Prefect-based automation workflows**, with scenario execution and ML-related flows maintained within the dedicated flow folder
- Clear documentation of ML scenarios, configurations, and design choices within **Coda**, ensuring continuity and knowledge transfer for the team

Neodustria - Internship Experience Letter

Throughout the internship, Muhammad demonstrated technical engagement, reliability, and a structured approach to problem-solving. His work contributed to strengthening Neodustria's automotive and construction intelligence assets.

We would also like to remind that, in accordance with the **Non-Disclosure Agreement (NDA)** signed at the start of his internship, all proprietary information, technical materials, datasets, internal documentation, and deliverables created or accessed during the internship remain **strictly confidential**. Any external sharing, publication, or presentation of this material requires **prior written approval from Neodustria**.

We thank Muhammad for his contributions and wish him every success in his future academic and professional endeavors.

For Neodustria / Neovoltis Capital Ltd.

Dr. Badre Belabbess
Cortex Layer Architect
