Umair Munawar

Flutter App Developer

email: umairmalana579@gmail.com | Ph: (+92) 3361390677 | Islamabad, Pakistan

Personal Overview

I am **Umair Munawar**, a skilled Flutter mobile app developer with a Bachelor's degree in Software Engineering and 2+ years of specialized experience in mobile application development. I am proficient in Flutter and Dart, and I follow clean architecture principles to build maintainable and scalable applications.

In addition to my Flutter expertise, I have hands-on experience in native iOS development using Swift, where I have successfully developed and deployed an application featuring functionalities such as digital signatures (auto sign, draw sign, scan sign), PDF reading, image-to-PDF conversion, and integrations like AdMob and in-app purchases.
