FAIZ RASOOL

Software Engineer | AI & Generative AI Specialist Lahore, Pakistan | 0329-4642268

faizrasul313@gmail.com | GitHub: FaizRasool-faizi

PROFESSIONAL SUMMARY

Innovative **Software Engineer** with a focus on **Generative AI, LLM orchestration, and Full-Stack development**. Proven track record in delivering production-ready RAG pipelines, AI-driven automation, and scalable web applications. Adept at translating complex business requirements into high-performance technical solutions within fast-paced software house environments.

TECHNICAL SKILLS

- **AI & Machine Learning:** Generative AI, LLMs (Fine-tuning Qwen/Llama), RAG Pipelines, AI Agents, Prompt Engineering, NLP, Sentiment & Emotion Detection.
- **Frameworks & Tools:** n8n (Automation), TensorFlow, PyTorch, Scikit-learn, LangChain.
- **Full-Stack Web:** Next.js, React, Python (Django), PHP (Laravel), WordPress, Tailwind CSS.
- **Data & Backend:** MySQL, Supabase, PostgreSQL, REST APIs, Database Design, EDA.
- **Digital Optimization:** Technical SEO, Google Search Console, Performance Optimization.

PROFESSIONAL EXPERIENCE

AI Automation & Generative AI Engineer | Wise Tech

- Architected and deployed **AI-driven workflow automations** using n8n, significantly reducing manual operational overhead.
- Developed production-grade **RAG pipelines** and prompt strategies to ensure reliable, context-aware AI responses.
- Integrated **LLM-powered chatbots** and intelligent agents into customer support and internal business logic.

Software Engineer (PHP / Web) | Zactonz Technologies

- Developed and optimized robust backend systems using **PHP (Laravel) and MySQL** for high-traffic client projects.
- Collaborated in an Agile environment to deliver end-to-end full-stack solutions, focusing on code quality and security.
- Improved application performance through efficient database indexing and query optimization.

WordPress & Web Developer | 99 Coders

- Engineered custom WordPress themes and CMS solutions for a global clientele.
- Implemented **SEO-friendly architectures** and responsive UI standards to enhance user retention and site speed.

KEY AI & SOFTWARE PROJECTS

- **Multimodal LLM Fine-Tuning (Qwen):** Fine-tuned a multimodal model for instruction-based visual understanding and automated automotive image editing.
- **E-commerce AI Agent (dehleez.com):** Designed an automated AI chatbot handling complex customer queries and support workflows.
- **Avatar-Based Emotion Detection:** Developed an interactive AI avatar featuring real-time sentiment analysis for enhanced user engagement.
- **Enterprise Solutions:** Developed full-stack corporate platforms for ZENTIC Studio, Burraq Engineering, and Trading Tech Pro.

EDUCATION & CERTIFICATIONS

- **BS in Computer Science** – University of South Asia, Lahore.
- **Generative AI Bootcamp** – Wrapify.
- **Python Programming Essentials** – NAVTTC.
- **Machine Learning Specialization**.

LEADERSHIP & INTERESTS

- **Chapter Lead:** TechBaithak (University of Lahore).
- **Community:** Orphan House Management and volunteer work.
- **Interests:** Logic Puzzles and Algorithmic Games.
